REPORT DEFINITIONS

DAY TOTAL: This printout will state the amount dispensed from your ATM since the last DAY TOTAL you printed. Once this report is printed it will zero the totals and start over. When printed daily the "Amount of Dispense" should match the deposit to your account for that business day.

TRIAL DAY TOTAL: Same as the DAY TOTAL report except that it will not clear the totals. This report can be done at any time.

CASSETTE TOTAL: This printout gives the "loaded" and "remaining" balance of your cassette. Once this report is printed it will zero the totals and start over. This report is only done when you are adding money to the ATM.

TRIAL CASSETTE TOTAL: Same as the CASSETTE TOTAL except that it will not clear the totals. This report can be done at any time to check the balance in the ATM.

JOURNAL REPORT: Your ATM is equipped with an Electronic Journal which has a detailed record of all transactions that have occurred on your ATM. From time to time you may be asked to provide ATM Network with a copy of a particular transaction. You should keep these records for at least 6 months.

LAST X PRINT: this function allows you retrieve up to 2,000 previously printed records without clearing the journal memory. This function also allows you to print a specific number of recent transactions without printing the weekly journal.
